Traverse Inc. (the "Company") has issued me access credentials and the use of its systems, including Company email, the Kitchen-OS management system, the point-of-sale system, and Company devices. I agree to use them responsibly and only for legitimate Company purposes, as follows.

1. Credentials and Access

1. I shall keep my login credentials and passwords confidential, shall not share them with or disclose them to any other person, and shall not use another person's credentials.
2. I shall access only those systems and that data which I am authorised to access, and only to the extent necessary for my duties.
3. I shall choose strong passwords, lock or log out of devices when unattended, and report any suspected compromise of my credentials immediately.

2. Acceptable Use

4. I shall use Company email and systems for Company business, and shall not use them to send, store, or distribute unlawful, offensive, discriminatory, or harassing material.
5. I shall not forward, copy, export, or transfer Company email, records, reports, or data from Kitchen-OS, the point-of-sale, or any Company system to any personal account, personal device, or unauthorised third party.
6. I shall not take screenshots or photographs of Company systems, dashboards, reports, or data except where required for my duties and authorised to do so.
7. I shall not install unauthorised software on Company devices, disable security controls, or connect unauthorised devices or storage to Company systems.
8. I understand that Company systems, email, and data remain the property of the Company, that I have no expectation of privacy in my use of them, and that the Company may monitor and audit their use to the extent permitted by law.
9. If I use a personal device for any Company purpose — for example Company email or messaging — the same rules apply to it: I shall keep Company information secure on it, shall not transfer that information to any unauthorised person, and on the end of my employment I shall delete all Company information from it and allow the Company to verify removal where reasonable.

3. Data Protection

I shall handle all guest and employee personal data accessed through Company systems in accordance with the Company's confidentiality obligations and applicable data-protection law, and shall not use such data for any purpose other than my authorised duties.

4. On Exit

On the end of my employment, or earlier on request, my access will be revoked; I shall return all Company devices, and I shall not retain, copy, or continue to access any Company system or data.

5. Acknowledgement

I confirm that I have read and understood this Undertaking and agree to use the Company's systems and credentials strictly in accordance with it.
